Forecast for Wednesday 05 Oct 2022

Weather: Overcast overnight and early Wednesday morning with periods of rain, turning heavy at times. Rain clearing to the east mid to late morning, with scattered showers between brighter spells following from the west. Outbreaks easing through the evening.

Chance of cloud-free hill tops above 600m: 10% or less becoming from late morning 80% in east for any given time, but much lower for extended periods given the showery nature of the flow.

Low cloud and visibility: Moderate or poor in early rain and later showers, also very poor within cloud with bases extensive from 400m at first, also sporadically later down to 500m as showers push through.
